From

R.G. Grieve, Esq., M.A., F.R.G.S.,

Ag.Director of Public Instruction

The Secretary to the Government of Madras,

Law and Education Department.

Sir,

In submitting herewith the letter D.R.No. 190 of 29 dated 30th May 1929 from the President, Taluk Board Hospet, I have the honour to state as follows:-

2. Out of the seven schools in which Secondary grade teachers are proposed to be appointed, five have standard V and one only standard III as the highest class. There is no need for the employment therein of teachers of the Secondary grade. The school at Kudligi alone has standard VI, but a trained teacher of the Secondary grade is already employed therein. In this matter, the Board's request is that Government should meet the whole cost of teachers with unusually high qualifications. This request is hardly reasonable and is not therefore supported.

3. The question of opening new schools in school-less centres has been deferred for the present.

4. As regards the employment of additional teachers, it is not the present policy of Government to subsidise local bodies towards the employment of additional teachers in schools already under their control. Only such of the schools as have been opened by local bodies with the aid of provincial funds sanctioned since 1924-25 and opened in

school-less centres will be subsidised towards the strengthening of staff. The schools in which additional teachers are proposed to be appointed by the Taluk Board are not schools opened with the aid of Provincial funds since 1924-25. The President's request is not therefore supported.

5. The attention of Government is in this connection invited to this office letter R.C.No. 1450 B/29 dated 3rd September 1929 regarding the application of the Taluk Board for grant towards the cost of furniture. The recommendations made in para 3 of my letter are repeated - the Taluk Board should consider the possibility of curtailing expenditure in other directions or alternatively the desirability of levying an education cess.

Sir,

I have the honour to submit the following for favour of obtaining orders of the Government in the matter of expanding the Elementary Education under this Board.

2). Bellary District is noted for backwardness in Education and also for poverty. Out of the four taluk Boards in the District, this Hospet Taluk Board stands third in the Rank in respect of income on account of the very inferior sort of lands situtated in its area. The average ordinary Revenue of this Board is Rs.24000/-. Of this Rs.8500/- is spent on the Elementary Education, the proportion working up to 35.42. The Board cannot afford to spend anything more on Education detriment to the interests of the other existing indispensible services under it. The Board cannot think of taxing the public with the levy of

any other cesses in consideration of the successive bad seasons and in a famine sticken District like Bellary

3) With a view to improve the efficiency and the status of the students, the Educational Officers recommend the appointment of Secondary Grade Trained Teachers in the following schools.

Name of the Schools	Population of the Village as per Census of 1931.
1. Board Hindu Elementary Boys' School Oojaini.	2637.
2. Board Hindu Elementary Boys' School Malwi.	1155.
3. Board Hindu Elementary Boys' School Dasamapuram.	977.
4. Board Hindu Elementary Boys' School, Kamalapur.	535

7. Board Hindu Elementary Boys' School, Kampli.	7398.

Their pay is noted as Rs.35/- per mensum per teacher. For 7 teachers the total monthly cost comes to Rs.245/-, the annual cost being Rs.2940/ There is a Middle School in Kottur. Schools Nos.1,2,3 and 6 noted above are feeder ones to it. School No.7 is also a feeder ~~xkx~~ to the Middle School in Kampli itself. All the Villages noted above are in a flourishing state. It is quite essential to make the appointment of teachers of higher attainments.

4). The Educational authorities recommend the establishment of three schools in schoolless centres of Kalapur, Chiribi and Thayakanahalli hamlet of Hudeem(all in Kudligi Taluk) The population of Kalapur is 1223 Chiribi 870 and Thayakanahalli 643. The recurring cost per school is noted below.

P.T.O.

One teacher on Rs.18/-per month for 12 months. Rs.216

House rent and contingencies at Rs.4/-per month

for 12 months. 48

Rs. 264.

For three schools it comes to . .....Rs. 792

Non-recurring charge on account of furniture etc;

at Rs.100 per school for 3 schools. 300

Rs.1092

As the Educational Officers say that their efforts to start aided schools in these places were futile, it is -- desirable to start Board Schools in them.

5). On account of increase in the strength of the undermentioned schools the appointment of additional teachers at the rate of One for each School is recommended by the ---- Educational authorities.

1. Board Hindu Elementary Boys' School,
Muddu Basappayyanahalli.
2. Board Hindu Elementary Boys' School,
Sooladahalli.
3. Board Hindu Elementary Boys' School,
Hosahalli.

6). The total cost of the proposals made in paras 3,4,and 5 are as detailed below.

3). In the circumstances explained in para 2 above it is earnestly prayed for that the Government be moved for giving a free grant of the sum noted above to the necessitous poor Taluk Board.
